CIP (CLEAN-IN-PLACE) INDUSTRY

Welcome to Orlichem, a trusted chemical cleaning manufacturer catering to the CIP (Clean-in-Place) industry. Our industrial division specializes in providing high-quality products and innovative solutions that meet the unique needs of CIP processes in the brewing, food and beverage, pharmaceutical, dairy and chemical industries. With our comprehensive range of solutions, we aim to enhance cleanliness, optimize operational efficiency, and ensure regulatory compliance.

These solutions have the highest levels of international accreditation and are governed by the National Regulator for Compulsory Specifications (NRCS). We achieve Log 5 reductions and IPW 5 in the wine industry, beer and beverage industries.

ABOUT US

Our ethos is straightforward: to promptly offer efficient chemical solutions that elevate your operations and profitability.

Orlichem is a pioneering leader in the chemical cleaning industry. Since our inception in 2008, we have been at the forefront of delivering innovative and flexible chemical solutions tailored to address the unique challenges faced by various industries. Our reputation as a forward-thinking entity is built on our unwavering commitment to our clients, ensuring they receive unparalleled service throughout all facets of their business.

At Orlichem, we pride ourselves on being more than just a chemical manufacturer and supplier. We are your strategic partner in redefining cleaning standards across diverse sectors, including engineering, marine, hospitality, CIP and laundry.

Positioned as a medium-sized, privately-owned entity with specialized production and R&D capabilities, Orlichem stands out in the chemical manufacturing landscape. Our dedication goes beyond providing products; we offer technical expertise, regular on-site consultations, tailored training, and innovative solutions to your cleaning challenges.

With Orlichem by your side, envision a future marked by seamless operations, pristine environments, and unwavering excellence. We are not just your supplier; we are your partner in crafting success and shaping a brighter, cleaner tomorrow.

Ryszard Orlik

Managing Director

ACID CLEAN AND STERILISATION

Using our products, acid cleaning is a crucial step in Clean-in-Place (CIP) systems for efficient removal of mineral deposits and residues from surfaces. It ensures optimal performance and longevity of equipment. Additionally, our sterilization solutions guarantee effective microorganism elimination, ensuring equipment is thoroughly sanitized and compliant with industry standards.

ACID CIP

SANS 1828

Heavy-duty liquid acid descaler formulated to remove stubborn scale deposits in food processing equipment.

5LT, 25LT, 200LT, 1000LT

HUD 577

EN 1650

5-8% peracetic acid sanitizer for food processing. Effective at 4°C. Controls bacteria, molds, and yeast.

5LT, 25LT, 200LT, 1000LT

PLEASE NOTE: You may request TDS & SDS from www.orlichem.co.za/contact

CAUSTIC CLEANING

Efficient tank cleaning is essential for maintaining optimal hygiene and preventing cross-contamination in various industrial processes. Our caustic cleaning solutions are specifically formulated to effectively remove tough residues, including oils, fats, proteins, and other organic contaminants from tanks and equipment. With our caustic cleaning products, you can achieve thorough and reliable cleaning, ensuring the highest standards of cleanliness and hygiene.

ALKALINE CIP LF

SANS 1828

Concentrated caustic cleaner for the food industry. Low foam and enhances surfaces. CIP friendly.

5LT, 25LT, 200LT, 1000LT

CONVEYOR LUBRICANT

Conveyors play a crucial role in many industrial processes, requiring proper lubrication for optimal performance and longevity. Our conveyor lubricant is designed to reduce friction, enhance operational efficiency, and protect against wear and tear. In addition, our formulation has the added benefit of reducing bacterial and mould growth. With our specialized formulation, you can ensure smooth operation, minimize downtime, and maximize the lifespan of your conveyor systems.

CHAIN GLIDE

Conveyor chain lubricant for the food industry. Contains an additional bacteria reducing, lubrication additive.

5LT, 25LT, 200LT

OPEN PLANT CLEANING

Maintaining cleanliness and hygiene in open plant environments is vital for operational efficiency and safety. Our open plant cleaning solutions are designed to address a wide range of surfaces, equipment, and industrial areas. From floors and walls to machinery and workspaces, our products effectively remove dirt, grime, and contaminants, ensuring a clean and safe working environment.

HUDDET 99

ANS 1828

Colourless, eco-friendly, versatile general detergent. Powerful, safe and ideal for many applications.

5LT, 25LT, 200LT

CHLORFOAM

NRCS/8054/282672/1098

Chlorine-based foaming cleaner for versatile applications in dairy, fishing, and the food industry. Safe and effective.

5LT, 25LT, 200LT

CHLOR 4F

NRCS/8054/282672/1133

Effective powder sanitizer with organic chlorine. Stable, non-corrosive and gentle on hands. Use on all surfaces.

5KG, 25KG

PRO 41

UN1805

SANS 1828

Highly concentrated, food approved, acid and detergent based stainless steel cleaner and brightener. Combats discoloration, leaving surfaces passivated and clean.

5LT, 25LT, 200LT

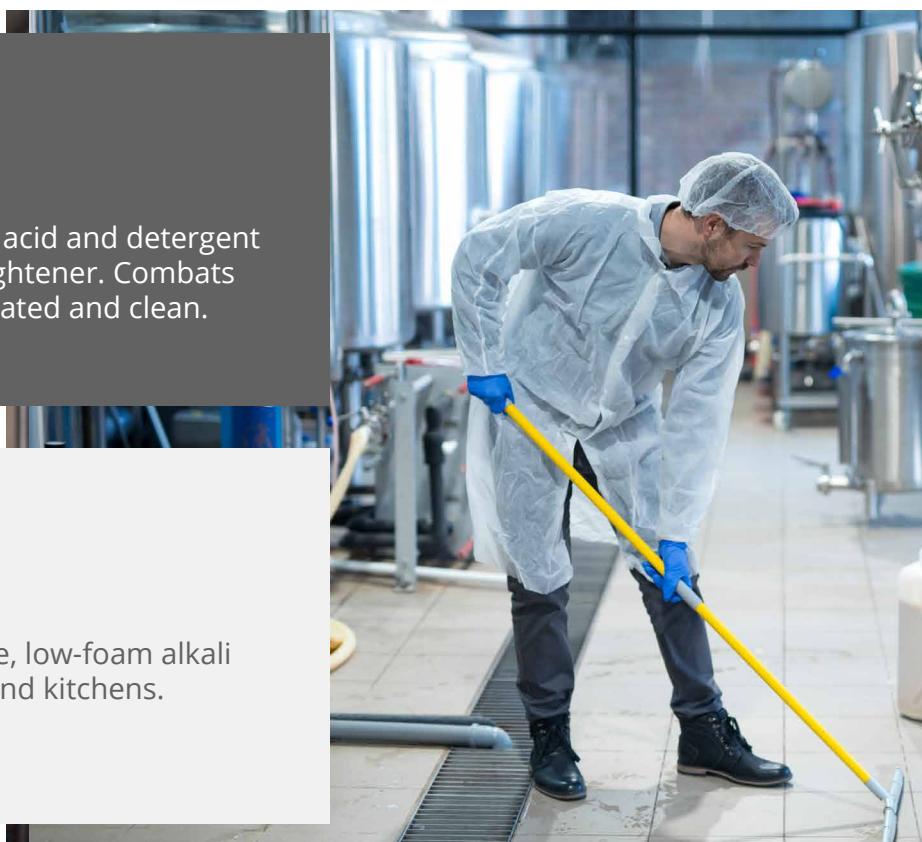

WIPEOUT

UN1760

SANS 1828

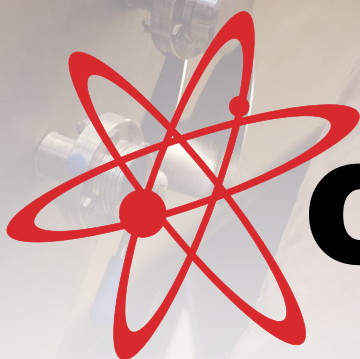

Food approved, eco-friendly, versatile, low-foam alkali degreaser for equipment, surfaces, and kitchens. Non-corrosive.

5LT, 25LT, 200LT, 1000LT
